**HIGH CUBE REEFERS**

# Our High Cube Eco-Friendly Reefers Easily Handle Shippers' Growing Demands of Refrigerated Cargo

When transporting over the road, ACL's 40' high cube reefer units have the capability to utilize clip-on or chassis undermount generator sets as dictated by operation location and motor carrier selected.

**ACL's fleet of 40' high cube reefer units can easily accommodate the growing demands of shippers of refrigerated cargo. These state-of-the-art, all electric, CFC Free, refrigerated containers feature:**

- Superior compressor technology coupled with environmentally-friendly R134 refrigerants
- Microprocessor controlled with latest technology
- Automated pre-trip & diagnostics
- Optimum temperature pulldown
- Consistent box temperature
- Adjustable in-range temperature tolerance enabling closer monitoring of temperature fluctuations
- Fail-safe & alarm features which ensure uninterrupted system operations & maximum cargo protection
- Equipped with an electronic data recording device integrated into the microprocessor and capable of storing a minimum of two years of operating data and events
- Equipped with the ability to dehumidify

## SPECIFICATIONS

### Outside Dimensions
